

FlexAim II Articulating Videoscope

FlexAim II is a family of ‘industrial grade’ articulating videoscopes that define **PORTABILITY**. With our **FlexAim II** system, customers can **VIEW, RECORD, PLAYBACK** and **SHARE** inspection images anywhere, and at anytime.

These high quality, affordably priced videoscopes come complete with LCD video viewer, MicoLED rechargeable light source and either a 2-way or 4-way articulating probe. Digital still images and video clips are stored on a removeable SD memory card for reviewing, archiving or reporting.
